Double-walled insulation keeps the exterior cool to the touch,
while coffee stays hot
Brews up to 40-cups of delicious coffee in just 30 minutes
Drip-free spout and cup stand for seamless pouring
Power and Ready indicator lights

Stainless Steel 40-Cup Coffee Urn

This attractive brushed stainless steel coffee urn is perfect for home entertaining or at the office. Its generous 40-cup brewing capacity and double-walled insulation keep your coffee hot for hours, while the exterior stays cool to the touch. With its easy-to-read water level indicator, you never have to guess when the coffee's about to run out! The two-way spout lets guests dole out cup by cup or use continuous pour, and the indented cup stand permits easy self-serving. The inner urn and brew basket are both stainless steel. Features a durable brewing basket and power/ready indicator lights.
